

**You are invited to
the funeral of "gorse" and "scotch broom"
Don't give the pest a chance!**

Invasive Plant Alert:

- Growing rapidly to shade out native species,
- Stealing land, homes, water and food from wildlife
- Increasing fire hazard potential

What to do:

- Beware of what plants you grow
- Tell your neighbour about the invasive plants and their impacts and increase awareness
- Remove all weed seeds from clothings, shoes , animals to prevent seeds from spreading
- Report detections to your regional regional invasive plant committee coordinator

**Go out and eradicate scotch broom and gorse!
Help to save our beautiful island!**
